## NICHOLAS O. SCHWARTZ, ESQ.

ASSOCIATE,  
NAUMAN, SMITH, SHISSLER & HALL, LLP

Nick is a member of the firm's **Tax, Trusts and Estates** practice group as well as the **Nonprofit** practice group. He earned his Bachelor of Arts degree with distinction from Penn State University and completed his law degree at Penn State Law.

Nick is passionate about helping people understand their estate options and navigate the probate and trust administration process. Within the Trusts and Estates practice group, Nick assists clients with all of their estate planning and administration needs, including emphasis on wealth management and preservation. He also works with clients to ensure sound end-of-life planning such as handling medical decisions and creating living wills. Nick has considerable experience guiding his clients through difficult situations with estate administration, executing power of attorney documents, and seeking guardianships for loved ones in need.

Nick is also committed to supporting local families through his efforts with Dauphin County where he represents parents in juvenile dependency proceedings and alleged incapacitated persons in guardianship proceedings. His passion for helping others also extends to representing children's best interests as a guardian ad litem in contentious custody cases.

As part of Nauman Smith's Nonprofit practice group, Nick assists organizations with setting up their nonprofit for success. This includes ensuring full compliance with current regulations, reviewing contracts and providing general operational advice.

*When reflecting on his work with nonprofits, Nick says, "It is my privilege to contribute to an organization's vision by helping them navigate the complex rules imposed on them, allowing their people to stay focused on the mission rather than the fine legal details."*
